Attractions

No trip would be complete without visiting two of Canada's largest and most innovative science centres. Follow the directional signs to Science North and Dynamic Earth. Get up close to a flying squirrel and learn about Northern Ontario wildlife. Enjoy "explosive" live science shows at Science North. Discover why Canadian diamonds are the most valued in the world. Descend 7-storays underground and participate in a simulated dynamite blast at Dynamic Earth.

From the fiery impact of a massive meteorite 1.85 billion years ago to the discovery of one of the richest mineral deposits on the planet, the story is out of this world. Visit Dynamic Earth and discover the real reason why Apollo astronauts trained in Sudbury before their lunar voyages. Stand over an ancient geological fault line at Science North. Examine shatter cones – rare rock formations connected with meteorite impacts. Take an aerial tour of one of the largest, oldest and best-viewed meteor impact sites on the planet.

There are so many ways to have fun at OLG Slots at Sudbury Downs! The Big Nickel takes on a whole new meaning at OLG Slots at Sudbury Downs, with over 350 exciting slot machines ranging from 1¢ to \$5. Survey the action from the Bayou, a licensed lounge, or check out the action at the track, the only site in Northern Ontario to feature live horse racing from April to November. It's your mini holiday.

New Sudbury Centre, Northern Ontario's largest and most fashion forward shopping centre, features 110 stores and services. The centre has recently undergone an extensive redevelopment resulting in more shopping choices than ever before. Our merchant mix attracts more than 7.1 million people annually. The New Sudbury Centre is conveniently located at the intersection of Lasalle Blvd and Barrydowne Road within a major retail section of the City of Greater Sudbury.

Centre for Excellence in Mining Innovation (CEMI)

CEMI, housed on Laurentian University campus in Sudbury, leads a new mineral sector research initiative from Northern Ontario directed by and for the Canadian Mining industry. It was incorporated in 2007 as a not-for-profit corporation and is mandated to develop excellence in mining innovation in collaboration with regional, national, and international Research & Development partners.

CEMI's vision

-  become a **world-class, networked** centre for industry-focused research and innovation
-  advancing concepts, processes and methodologies in support of regional, national and international exploration and mining industries
-  suppliers and service providers

CEMI's mission

-  **add value** to mining operations in Ontario and beyond
-  **strengthen capacity** and **develop HQP** (highly qualified personnel) to undertake world class, collaborative research
-  form the hub of a **network of expertise**
-  **sustain** the CEMI initiative and **foster growth**
